- (ii) reviewed the annual report and the draft audited financial statements of the Group for the year ended 31 December 2006 prior to submission to the Board for their consideration and approval;

Audit Committee Report *(continued)*

- (iii) reviewed the external Auditors' reports for financial year ended 31 December 2007 in relation to audit and accounting issues arising from the audit and updates of new development on accounting standards issued by the Malaysian Accounting Standard Board;
- (iv) consideration and recommendation to the Board for approval of the audit fees payable to the external auditors;
- (v) reviewed related party transaction and conflict of interest situation that arose within the Company or the Group;
- (vi) reviewed the internal audit reports, which highlighted the audit issues, recommendations and management's response. Discussed with management actions taken to improve the system of internal control based on improvement opportunities identified in the internal audit reports;
- (vii) recommended to the Board improvement opportunities in risk management, internal control and governance processes; and
- (viii) in respect of the quarterly and year end financial statements, reviewed the Group's compliance with the Listing Requirements of the Bursa Malaysia, MASB and other relevant legal and regulatory requirements.

Internal Audit Function

The Group does not have any internal audit department. In March 2002, the Group has engaged an external professional firm as its internal auditors to develop a sound system of internal control and an ongoing process for identifying, evaluating and managing significant risks that may be faced by the Group. This professional firm has performed the functions of the internal audit of the Group on a periodic basis for the financial year ended 31 December 2007 to provide independent and objective reports on the organisation's management, records, accounting policies and controls to the Audit Committee and the Board.

The role of the internal audit function is totally independent and not related to the Group's external auditors. The internal audits will include evaluation of the processes by which significant risks are identified, assessed and managed and ensuring that instituted controls are appropriate and effectively applied and the risk exposures are consistent with the Company's risk management policy.

Chairman's Statement

On behalf of the Board of Directors of Tomypak Holdings Berhad, I take pleasure in presenting to you the Annual Report and Audited Financial Statements of our Company and Group for the financial year ended 31 December 2007.

I am pleased to report that Tomypak continued to record profitable results for the financial year ended 2007 despite a very tough operating environment. The Group recorded a net profit after tax of RM1.538 million for the financial year ended 31 December 2007.

FINANCIAL RESULTS

Tomypak performed satisfactorily for the financial year ended 31 December 2007 in line with the industry. The Group recorded revenue of RM148.95 million, a decline of 2.5 % over the RM152.82 million achieved in the previous financial year. The decline in revenue was due to lower exports sales which were affected by the strengthening Ringgit. Consequently, the net profit after tax for the year under review was also reduced to RM1.54 million, a decline of 73.2% over the RM5.74 million recorded in the previous year. Higher cost of raw materials and competitive selling prices of our products also contributed to the drastic squeeze in gross margins. Net earnings per share were 3.85 sen in 2007 against 14.36 sen in 2006. The Group's net tangible assets backing per share increased to RM1.31 from RM1.29 in the previous financial year.

REVIEW OF OPERATIONS

The local economy grew at a healthy 6.3% in 2007 (5.9% in 2006) led by robust domestic demand driven by strong private consumption spending and investment activities and increase in public sector spending. Although Tomypak benefited from the higher local sales, the overall operating environment was not in our favor emanating from the high crude oil prices which stayed above the USD80 per barrel throughout the year and the strong Ringgit which gained more than 8% in 2007. The former resulted in high raw materials prices (arising from higher resin prices) and the latter affected export sales with very competitive selling prices.

PROSPECTS

The global and regional economic outlook in 2008 is expected to be more challenging and uncertain. However, the local political stability remains intact with the recent victory of the ruling party.

The policies and strategy in the 2008 Budget will continue to be relevant and will be followed through. The nation's growth prospects will likely remain favorable and partially decoupled from US economy with growth projected at 5.0% to 6.0% in 2008. This growth is expected to be supported by high commodity prices, expanding domestic demand, consumption activities and underlying private business and investment activities. With the strong foundation built over the past years, the Group is steadfast in its efforts to remain profitable and enhance its performance further in 2008. We shall continue to focus on local businesses and manage inputs and outputs more effectively.

Chairman's Statement *(continued)*

DIVIDENDS

In line with Corporate Malaysia's current practice of rewarding loyal shareholders, the Company had declared an interim dividend of 1 sen tax exempt per share totaling RM400,000 and the interim dividend was paid on 5 February 2008.

APPRECIATION

On behalf of the Board of Directors, I would like to commend and congratulate the management team and staff for their resilience, loyalty and invaluable contribution which has resulted in another year of profitability and growth for the Group. I would also like to express our gratitude to our valuable shareholders, dealers and suppliers, business associates, financial institutions and the regulatory authorities for their continued trust and confidence in the Group. To my fellow board members, I would like to record my sincere appreciation for their continued support and positive contributions.

Tan Sri Datuk Arshad Bin Ayub
Chairman

Corporate Governance Statement

INTRODUCTION

The Board of Directors of Tomypak Holdings Berhad fully subscribes to the principles and best practices on structures and processes that companies may use in their operations towards achieving the optimal governance framework set out in the Malaysian Code on Corporate Governance (the Code). It believes that good corporate governance would result in sustainable long term growth, safeguard the interests of all stakeholders, enhance shareholders' value and the Company's financial performance. The Board is pleased to report on the application by the Group of the principles of the Code and the extent of compliance with the best practices of the Code during the year under review:

BOARD OF DIRECTORS

Board Responsibility

The Board is fully responsible for the overall performance of the Group. It focuses mainly on strategies, financial performance, critical and material business issues and specific areas such as risk management, internal control, investor relations and shareholders' communication.

The executive directors are directly involved in managing the Group's business and resources. With their vast knowledge and extensive experience in the industry, they give added strength to the leadership, and have contributed immensely to the Group's growth.

The independent non-executive directors are actively involved in various Board committees and contribute significantly in areas such as performance monitoring and enhancement of corporate governance and controls. They provide a broader view and a check and balance for the executive directors.

The Board has delegated certain responsibilities to the Board Committees with clearly defined terms of reference. This Board Committees include Audit Committee, Nomination Committee, Remuneration Committee and Risk Management Committee.

Board Composition and Balance

The Board comprises six (6) members (and one (1) alternate) of whom four (4) are non-executive directors and two (2) are executive directors. Two (2) of the six (6) directors are independent directors. The Board's composition complies with the Listing Requirements which require one-third (1/3) of the Board members to be independent directors to reflect fairly the interests of the minority shareholders of the Company.

The directors bring together a wide and diversified range of business, corporate, legal, financial and technical skills and experience. This balanced mix enables effective discharge of the Board's responsibility in spearheading the Group's growth and future direction. The profile of each director is presented on page 6 to page 9 of this Annual Report.

Corporate Governance Statement *(continued)*

Appointment and Re-election of Directors

In accordance with the Company's Memorandum and Articles of Association, which is in compliance with Chapter 7 of the Listing Requirements, one-third (1/3) of the Directors (including the Managing Director) for the time being or the number nearest to one-third (1/3) shall retire from office at each Annual General Meeting so that all Directors shall retire from office once at least in each three years but shall be eligible for re-election.

Directors who are over seventy (70) years of age are required to offer themselves for re-election annually in accordance with Section 129(6) of the Companies Act, 1965.

Board Meetings and Supply of Information

The Board convenes at least four quarterly scheduled meetings annually with additional meetings convened for urgent and important matters as and when necessary.

For the financial year ended 31 December 2007, the Board met on four occasions at quarterly intervals. The attendance of each Director in office are set out below:-

Meetings Attended (out of 4)		
Tan Sri Datuk Arshad Bin Ayub (Chairman)	Independent Non-Executive Director	4/4
Mr. Chow Yuen Liong (Group Managing Director)	Non-Independent Executive Director	4/4
Mr. Chin Ah Kow @ Chin Loi Fuh (Group Finance Director)	Non-Independent Executive Director	4/4
Tan Sri Dato' Mohd. Zuki Bin Kamaluddin	Non-Independent Non-Executive Director	4/4
Mr. Chow Wen Chye	Non-Independent Non-Executive Director	4/4
Mr. Teoh Kok Swee @ Michael Teoh	Independent Non-Executive Director	4/4
Mr. Teo Kong Wan (Alternate Director to Tan Sri Datuk Arshad Bin Ayub)	Independent Non-Executive Alternate Director	4/4

All the Directors have complied with the minimum 50% attendance requirement at Board meetings as stipulated by the Listing Requirements. Minutes of meetings of the various Committees within the Group are tabled to the Board for notation. Key matters such as the Group's business strategies, Group's interim and annual results, material contracts, major capital expenditure, budgets, major investments, corporate policies and procedures are reserved for the Board's deliberation and decision. Agenda and a full set of Board papers are circulated to all the Directors prior to the Board meetings so as to give directors time to consider and deliberate on the issues to be raised at Board meetings.

The Board has the services of Company Secretaries who are responsible to the Board for ensuring that all Board procedures are followed and that applicable laws and regulations are complied with. These include obligations on directors relating to disclosure of interests and disclosure of any conflict of interests in transactions with the Group.

Corporate Governance Statement *(continued)*

Besides Company Secretaries, directors have access to the financial and operation officers as well as the internal auditors of the Group. Where necessary, Board members are also entitled to seek independent professional advices on specialized issues at the Group's expense to enable them to discharge their duties with full knowledge of the cause and effect.

Directors' Training

All the Directors have attended the Mandatory Accreditation Programme ('MAP') conducted by the Bursa Malaysia Training Sdn Bhd.

The Board acknowledges the amendments to Bursa Malaysia Listing Requirements to assume the onus of determining or overseeing the training needs of their Directors from year 2005 onwards. The Directors will continue to attend relevant seminars and courses to stay abreast with the various issues arising from the ever-changing business environment, regulatory and corporate governance developments to enhance their professionalism and knowledge to effectively discharge their duties and obligations.

All the Directors have attended courses accredited by Bursa Malaysia during the financial year which covered the areas such as Audit Committees Crucial Updates Conference – Columbus Circle and Updates On Listing Requirements – Issues & Challenges.

The Group has taken steps to ensure that the risks are identified and managed properly.

INVESTOR RELATIONS AND SHAREHOLDER COMMUNICATION

The Group strives to provide its shareholders and investors with an overview of the Group's performance and operations by the timely release of financial results announcement through the Bursa Malaysia Securities Berhad on a quarterly basis. It adheres strictly to the mandatory reporting and public announcements of the Group's quarterly results to the Bursa Malaysia Securities Berhad. The AGM of the Group also represents the principal forum for dialogue and interaction with all shareholders. Shareholders are notified of the meeting and provided with a copy of the Company's Annual Report at least 21 days before the date of the meeting. At each AGM, the Board presents the performance of the Group's business and encourages shareholders to participate in the question and answer session. The Chairman and other directors as well as the auditors are present to answer questions raised by shareholders at the AGM. Status of all resolutions proposed at the AGM are announced to Bursa Malaysia Securities Berhad at the end of the meeting day.

Corporate Governance Statement *(continued)*

ACCOUNTABILITY AND AUDIT

Financial Reporting

The Directors take responsibility to present a balanced and understandable assessment of the Group's performance and prospects when presenting the annual audited financial statements and quarterly announcement of results to its shareholders as well as the Chairman's statement and review of operations in the Annual Report. The Audit Committee assists the Board in ensuring accuracy and adequacy of the financial reporting. A Statement of Directors' responsibilities in preparing the financial statements is set out on page 34 of this Annual Report.

Internal Control

The Statement on Internal Control set out on page 27 to page 28 of this Annual Report provides an overview of the state of internal control within the Group.

Relationship With The Auditors

The Company has always maintained a close and transparent relationship with its auditors through the Audit Committee in seeking professional advice and ensuring compliance with the accounting standards in Malaysia. The role of the Audit Committee in relation with the internal and external auditors is described in the Audit Committee Report.

Material Contracts

Other than recurrent related party transactions of a revenue or trading nature disclosed in this Annual Report, there were no material contracts entered into by the Company or its subsidiary during the year which involve the Directors' and substantial shareholders' interests.

Compliance Statement

The Board of Directors has to the best of its ability and knowledge complied with the Best Practices of Corporate Governance set out in Part 2 of the Code during the financial year under review, save and except for the following:-

(a) Directors' Remuneration

The Board has considered disclosure of details of the remuneration of each individual Director and is of the view that the transparency and accountability aspects of corporate governance as applicable to Directors' Remuneration are appropriately served by the "band disclosure" as required by the Listing Requirements of the Bursa Malaysia.

(b) Senior Independent Non-Executive Director

Currently, the Board does not consider it necessary to nominate a Senior Independent Non-Executive Director to whom concerns may be conveyed as the Group has created an email address at linda@tomyapak.com.my where the shareholders or other parties may raise any queries or concerns pertaining to the Group. Such queries will be reviewed and addressed by the Board accordingly.

Corporate Governance Statement *(continued)*

(c) The Audit Committee

The Board plans to comply the Revised Code which strikes to strengthen the role of audit committee by requiring the committee to comprise fully of non-executive directors for the financial year beginning 1 January 2009.

Non-Audit Fees

The amount of non-audit fees paid to external auditors by the Group for the financial year ended 31 December 2007 amounted to RM 17,500.

Corporate Social Responsibility

The Board of Directors of Tomypak Holdings Berhad have long recognised and acknowledged the importance of a corporate culture that emphasises good corporate social responsibility (“CSR”) and corporate citizenship. The Group not only grows the stakeholder value through the core business but also contributes and works for betterment of the community and the environment.

The CSR contributions of the Group are as follows:

ENVIRONMENT

The Group complies strictly to all environmental laws and regulations. During the year, the Group was not penalised for any instance of non-compliance with environmental laws and regulations.

The Group undertook several initiatives in preserving the environment including:

- Convert the use of electricity to natural gas;
- Recycle whatever materials we can within our production processes. For example: recycle waste solvents; and
- Recycle what we cannot use ourselves but can be used by others. For example: sell the waste generated to scrap collectors.

COMMUNITY

The Group plays its role as a socially responsible corporate citizen in the community. In 2007, the Group donated RM30,000 to Johor Bahru Alzheimer’s Disease Support Association and the Johor Bahru Evergreen Support Association. These two Associations provide supports services to multiracial elderly patients who are afflicted by dementia or memory loss, and those who are afflicted by loneliness and depression for various reasons.

WORKPLACE

The Group recognises that employees are important assets. The Group continues to care welfare of all employees and employ the employees under fair and equitable terms as well as offering equal opportunity for career advancement based on performance and academic qualification. The Group constantly upgrades employees’ skill, knowledge and experience which would enhance the individual employee’s competency.

The Group’s Safety and Health Committee is actively ensuring safety, health and welfare of all employees are not compromised. Constant education, training, counseling or prevention programs to ensure a high level of awareness of safety requirements are disseminated to all employees at all levels.

In addition, the Group makes contribution to a defined benefit plan that provide for lump sum benefits for certain employees upon retirement age of 56.

Statement On Internal Control

INTRODUCTION

The Board is committed in maintaining a sound system of internal controls to safeguard shareholders' investment and the Group's assets. In doing so, the Board acknowledges its responsibility to identify major risks faced by the Group and ensure that relevant internal controls are in place in order to manage these risks.

In view of the above, the Board is pleased to provide the following Statement on Internal Control which outlines the nature and scope of internal controls of the Group during the year pursuant to Paragraph 15.27 (b) of the Listing Requirements of Bursa Securities.

BOARD OF DIRECTORS' RESPONSIBILITIES

The Board understands fully its responsibility to maintain a sound system of internal controls and ensure accurate information to be presented in the financial statements. The system of internal controls is designed to manage rather than eliminate the risk of failure in achieving its business objectives.

In pursuing the business objectives, internal controls can only provide reasonable but not absolute assurance against material misstatement, loss or fraud. As such, the Board recognises that a sound system of internal controls is an important part of managing risks in an effort to attain a balanced achievement of its business objectives, and operational efficiency and effectiveness.

The Board has endeavoured to identify the relevant major risks faced by the Group on a regular basis in order to monitor these risks so as to ensure that the Group achieves its business objectives.

THE RISK MANAGEMENT PROCESS

In managing the major risks, the Board has always carried out necessary preliminary studies and evaluation on various projects which will be undertaken by the Group. This entails proper delegation of duties and responsibilities from the Board to the Managing Director, Executive Directors and Senior Management ("The Management") in running the main operating functions of the Group within the Group's strategic business plans.

In this respect, the Management comprises personnel with many years of "hands-on" experience who are able to identify business risks relevant to the Group and design the appropriate internal controls to manage these risks.

The Management has also adopted the "open discussion" approach in the day-to-day running of the Group. This has enabled various major business risks being identified easily and dealt with in a prompt manner.

The Management monitors key commercial, operational and financial risks through reviewing the system of internal controls and other operational structures so as to ensure that reasonable assurance on the effectiveness and efficiency of the same will mitigate the various risks faced by the Group to an appropriate level acceptable to the Board.

INTERNAL AUDIT

In order to ensure the effectiveness of the system of internal controls, the internal audit functions of the Group has been outsourced to an external consultant, Grant Thornton Consulting Sdn Bhd.

Statement On Internal Control *(continued)*

The Group adopts a risk-based approach to the implementation and monitoring of relevant internal controls. The Internal Auditors conduct briefing and interview on risk assessment to identify significant concerns and risks perceived by the Senior Management in order to draw up the risk-based internal audit plan.

Certain control weaknesses have been identified and are being addressed by the Board and Audit Committee so as to ensure the integrity of internal controls. None of the weaknesses have resulted in any material losses, contingencies or uncertainties that would require disclosure in the Company's Annual Report. The Management of the Group continues to take measures to strengthen the internal control environment from time to time based on the recommendations proposed by the Internal Auditors.

Furthermore, the Board recognises that the development of the system of internal controls is an ongoing process for identifying, evaluating and managing the risk faced by the Group. The Board maintains an ongoing commitment to strengthen the Group's internal control function and processes.

Indeed, the Board and Audit Committee have always ensured that the Group adopts good system of internal controls, corporate governance and best practices in Board meetings and Audit Committee meetings taking into cognisance of possible establishment of additional processes for identifying, evaluating and managing the significant risks within the Group is in accordance with the guidelines stipulated in the "Statement on Internal Control: Guidance for Directors of Public Listed Companies" issued by the Bursa Securities.

KEY ELEMENTS OF THE GROUP'S INTERNAL CONTROLS

The Group has implemented various key internal controls for identifying, evaluating and managing the significant risks that may affect the achievement of its business objectives throughout the financial year under review.

In fact, the Group has incorporated various key elements into its system of internal controls in order to safeguard shareholders' investment and the Group's assets by: -

- giving authority to the Board's committee members to investigate and report on any areas of improvement for the betterment of the Group;
- performing review on major variances and deliberating irregularities (if any) in the Board meetings and Audit Committee meetings so as to identify the causes of the problems and formulate solutions to resolve them;
- considering comments from External Auditors and consultants on any weaknesses in the system of internal controls. The Board would also be informed on the matters brought up in the Audit Committee meetings on a timely basis;
- delegating authority to the Managing Director in order for him to play a major role as the link between the Board and Senior Management in implementing the Board's expectation of effective system of internal controls and managing the Group's various operations; and
- keeping the Management informed on the development of action plan for enhancing system of internal controls and allowing various management personnel to have access to important information for better decision-making.

- i) Options exercisable in a particular year but not exercised can be carried forward to the subsequent years subject to the time limit of the Scheme.

Other statutory information

Before the balance sheets and income statements of the Group and of the Company were made out, the Directors took reasonable steps to ascertain that:

- i) all known bad debts have been written off and adequate provision has been made for doubtful debts, and
- ii) all current assets have been stated at the lower of cost and net realisable value.

At the date of this report, the Directors are not aware of any circumstances:

- i) that would render the amount written off for bad debts, or the amount of the provision for doubtful debts in the Group and in the Company inadequate to any substantial extent; or
- ii) that would render the value attributed to the current assets in the financial statements of the Group and of the Company misleading, or
- iii) which have arisen which render adherence to the existing method of valuation of assets or liabilities of the Group and of the Company misleading or inappropriate, or
- iv) not otherwise dealt with in this report or the financial statements, that would render any amount stated in the financial statements of the Group and of the Company misleading.

At the date of this report there does not exist:

- i) any charge on the assets of the Group or of the Company that has arisen since the end of the financial year and which secures the liabilities of any other person, or
- ii) any contingent liability in respect of the Group or of the Company that has arisen since the end of the financial year.

No contingent liability or other liability of any company in the Group has become enforceable, or is likely to become enforceable within the period of twelve months after the end of the financial year which, in the opinion of the Directors, will or may substantially affect the ability of the Group and of the Company to meet their obligations as and when they fall due.

Directors' Report for the year ended 31 December 2007 *(continued)*

In the opinion of the Directors, the results of the operations of the Group and of the Company for the year ended 31 December 2007 have not been substantially affected by any item, transaction or event of a material and unusual nature nor has any such item, transaction or event occurred in the interval between the end of that financial year and the date of this report.

Report of the Auditors to the Members of Tomypak Holdings Berhad

We have audited the financial statements set out on pages 37 to 70. The preparation of the financial statements is the responsibility of the Company's Directors.

It is our responsibility to form an independent opinion, based on our audit, on the financial statements and to report our opinion to you, as a body, in accordance with Section 174 of the Companies Act, 1965 and for no other purpose. We do not assume responsibility to any other person for the content of this report.

We conducted our audit in accordance with approved Standards on Auditing in Malaysia. Those standards require that we plan and perform the audit to obtain reasonable assurance about whether the financial statements are free of material misstatement. An audit includes examining, on a test basis, evidence supporting the amounts and disclosures in the financial statements. An audit also includes assessing the accounting principles used and significant estimates made by the Directors, as well as evaluating the overall financial statements presentation. We believe our audit provides a reasonable basis for our opinion.

In our opinion:

- (a) the financial statements are properly drawn up in accordance with the provisions of the Companies Act, 1965 and applicable approved Financial Reporting Standards issued by the Malaysian Accounting Standards Board so as to give a true and fair view of:
 - i) the state of affairs of the Group and of the Company at 31 December 2007 and of the results of their operations and cash flows for the financial year ended on that date; and
 - ii) the matters required by Section 169 of the Companies Act, 1965 to be dealt with in the financial statements of the Group and of the Company; and
- (b) the accounting and other records and the registers required by the Companies Act, 1965 to be kept by the Company and its subsidiary have been properly kept in accordance with the provisions of the said Act.

We are satisfied that the financial statements of the subsidiary that has been consolidated with the Company's financial statements are in form and content appropriate and proper for the purposes of the preparation of the consolidated financial statements and we have received satisfactory information and explanations required by us for those purposes.

The audit report on the financial statements of the subsidiary was not subject to any qualification and did not include any comment made under sub-section (3) of Section 174 of the Act.

The consolidated financial statements of the Company as at and for the year ended 31 December 2007 comprise the Company and its subsidiary.

The Company is an investment holding company. The principal activities of its subsidiary are disclosed in Note 5.

The financial statements were approved by the Board of Directors on 29 February 2008.

1. Basis of preparation

(a) Statement of compliance

The financial statements of the Group and of the Company have been prepared in accordance with applicable approved Financial Reporting Standards (FRS) issued by the Malaysian Accounting Standards Board (MASB), the provisions of the Companies Act, 1965 and accounting principles generally accepted in Malaysia.

The MASB has also issued the following FRSs and Interpretations that are effective for annual periods beginning after 1 January 2007 and that have not been applied in preparing these financial statements:

FRSs / Interpretations	Effective date
FRS 107, <i>Cash Flow Statements</i>	1 July 2007
FRS 111, <i>Construction Contracts</i>	1 July 2007
FRS 112, <i>Income Taxes</i>	1 July 2007
FRS 118, <i>Revenue</i>	1 July 2007
FRS 120, <i>Accounting for Government Grants and Disclosure of Government Assistance</i>	1 July 2007

Notes to the Financial Statements *(continued)*

(a) Statement of compliance *(continued)*

FRSs / Interpretations	Effective date
Amendment to FRS 121, <i>The Effects of Changes in Foreign Exchange Rates - Net Investment in a Foreign Operation</i>	1 July 2007
FRS 134, <i>Interim Financial Reporting</i>	1 July 2007
FRS 137, <i>Provisions, Contingent Liabilities and Contingent Assets</i>	1 July 2007
FRS 139, <i>Financial Instruments: Recognition and Measurement</i>	To be announced
IC Interpretation 1, <i>Changes in Existing Decommissioning, Restoration and Similar Liabilities</i>	1 July 2007
IC Interpretation 2, <i>Members' Shares in Co-operative Entities and Similar Instruments</i>	1 July 2007
IC Interpretation 5, <i>Rights to Interests arising from Decommissioning, Restoration and Environmental Rehabilitation Funds</i>	1 July 2007
IC Interpretation 6, <i>Liabilities arising from Participating in a Specific Market – Waste Electrical and Electronic Equipment</i>	1 July 2007
IC Interpretation 7, <i>Applying the Restatement Approach under FRS 129, Financial Reporting in Hyperinflationary Economies</i>	1 July 2007
IC Interpretation 8, <i>Scope of FRS 2</i>	1 July 2007

The Group and the Company plan to apply the abovementioned FRSs and Interpretations for the annual period beginning 1 January 2008, except for FRS 139 which its effective date has yet to be announced.

The impact of applying FRS 139 on the financial statements upon first adoption as required by paragraph 30(b) of FRS 108, Accounting Policies, Changes in Accounting Estimates and Errors is not disclosed by virtue of the exemption given in FRS 139.103AB.

The initial application of the other FRSs and Interpretations are not expected to have any material impact on the financial statements of the Group and of the Company.

(b) Basis of measurement

The financial statements have been prepared on the historical cost basis except as disclosed in the Note 2 to the financial statements.

(c) Functional and presentation currency

These financial statements are presented in Ringgit Malaysia (RM), which is the Company's functional currency. All financial information are presented in RM, unless otherwise stated.

(d) Use of estimates and judgements

The preparation of financial statements requires management to make judgements estimates and assumptions that affect the application of accounting policies and the reported amounts of assets, liabilities, income and expenses. Actual results may differ from these estimates.

Notes to the Financial Statements *(continued)*

(d) Use of estimates and judgements *(continued)*

Estimates and underlying assumptions are reviewed on an ongoing basis. Revisions to accounting estimates are recognised in the period in which the estimate is revised and in any future periods affected.

There are no significant areas of estimation uncertainty and critical judgements in applying accounting policies that have significant effect on the amounts recognised in the financial statements.

2. Significant accounting policies

The accounting policies set out below have been applied consistently to the periods presented in these financial statements, and have been applied consistently by Group entities, except for adoption of FRS 117, Leases as disclosed in Note 27.

Other than the reclassification of leasehold land from property, plant and equipment to prepaid lease rental, the adoption of FRS 117, Leases does not have any significant financial impact on the Group and the Company.

Certain comparative amounts have been reclassified or re-presented to conform to the current year's presentation (see Note 28).

(a) Basis of consolidation

(i) *Subsidiaries*

Subsidiaries are entities, including unincorporated entities, controlled by the Company. Control exists when the Company has the ability to exercise its power to govern the financial and operating policies of an entity so as to obtain benefits from its activities. In assessing control, potential voting rights that presently are exercisable are taken into account.

Where there is a continuity of the amalgamating business and the ownership of the separate companies have been pooled into one common ownership, the consolidation of the Company and its subsidiary has been carried out on the basis of merger accounting.

Under the merger method of accounting, the results of the subsidiaries are presented as if the companies had been combined throughout the current and previous financial years. The difference between the cost of acquisition and the nominal value of the share capital and reserves of the merged subsidiaries is taken to merger reserve.

The financial statements of subsidiaries are included in the consolidated financial statements from the date that control commences until the date that control ceases.

Investments in subsidiaries are stated in the Company's balance sheet at cost less impairment losses unless the investment is classified as held for sale (or included in a disposal group that is classified as held for sale).

Notes to the Financial Statements *(continued)*

(a) Basis of consolidation *(continued)*

(ii) *Changes in Group composition*

Where a subsidiary issues new equity shares to minority interest for cash consideration and the issue price has been established at fair value, the reduction in the Group's interests in the subsidiary is accounted for as a disposal of equity interest with the corresponding gain or loss recognised in the income statements.

When a Group purchases a subsidiary's equity shares from minority interest for cash consideration and the purchase price has been established at fair value, the accretion of the Group's interests in the subsidiary is accounted for as a purchase of equity interest for which the acquisition method of accounting is applied.

The Group treats all other changes in group composition as equity transactions between the Group and its minority shareholders. Any difference between the Group's share of net assets before and after the change, and any consideration received or paid, is adjusted to or against Group reserves.

(iii) *Transactions eliminated on consolidation*

Intra-group balances and transactions and any unrealised income and expenses arising from intra-group transactions, are eliminated in preparing the consolidated financial statements.

(b) Foreign currency transactions

Transactions in foreign currencies are translated to the respective functional currencies of the Group entities at exchange rates at the dates of the transactions. Monetary assets and liabilities denominated in foreign currencies at the balance sheet date are retranslated to the functional currency at the exchange rate at that date. Non-monetary assets and liabilities denominated in foreign currencies that are measured at fair value are retranslated to the functional currency at the exchange rate at the date that the fair value was determined. Foreign currency differences arising on retranslation are recognised in the income statements.

(c) Derivative financial instruments

The Group holds derivative financial instruments to hedge its foreign currency exposures.

Forward foreign exchange contracts used are accounted for on an equivalent basis as the underlying assets, liabilities or net positions. Any profit or loss arising is recognised on the same basis as that arising from the related assets, liabilities or net position.

(d) Property, plant and equipment

(i) *Recognition and measurement*

Items of property, plant and equipment are stated at cost or valuation less any accumulated depreciation and any accumulated impairment losses.

Notes to the Financial Statements *(continued)*

(d) Property, plant and equipment *(continued)*

(i) *Recognition and measurement (continued)*

Revalued property, plant and equipment where no revaluation policy is adopted

It is the Group's policy to state its property, plant and equipment at cost. Revaluation of land and building in 1994 was carried out primarily for the purpose of initial public offering and was not intended to effect a change in the accounting policy to that of revaluation of properties. The Directors, therefore, have not adopted a policy of regular revaluations of land and building as required.

As permitted by the Malaysian Accounting Standards Board, these assets are stated at their previous valuation less any accumulated depreciation and any accumulated impairment losses.

Cost includes expenditures that are directly attributable to the acquisition of the asset and any other costs directly attributable to bringing the asset to working condition for its intended use, and the costs of dismantling and removing the items and restoring the site on which they are located. The cost of self-constructed assets also includes the cost of materials and direct labour. Purchased software that is integral to the functionality of the related equipment is capitalised as part of that equipment.

The cost of property, plant and equipment recognised as a result of a business combination is based on fair value at acquisition date. The fair value of property is the estimated amount for which a property could be exchanged between a willing buyer and a willing seller in an arm's length transaction after proper marketing wherein the parties had each acted knowledgeably, prudently and without compulsion. The fair value of other items of plant and equipment is based on the quoted market prices for similar items.

When significant parts of an item of property, plant and equipment have different useful lives, they are accounted for as separate items (major components) of property, plant and equipment.

Gains and losses on disposal of an item of property, plant and equipment are determined by comparing the proceeds from disposal with the carrying amount of property, plant and equipment and are recognised net within "other income" or "other expenses" respectively in the income statements.

(ii) *Subsequent costs*

The cost of replacing part of an item of property, plant and equipment is recognised in the carrying amount of the item if it is probable that the future economic benefits embodied within the part will flow to the Group and its cost can be measured reliably. The carrying amount of those parts that are replaced is derecognised. The costs of the day-to-day servicing of property, plant and equipment are recognised in the income statement as incurred.

Notes to the Financial Statements *(continued)*

(d) Property, plant and equipment *(continued)*

(iii) Depreciation

Depreciation is recognised in the income statement on a straight-line basis over the estimated useful lives of each part of an item of property, plant and equipment. Leased assets are depreciated over the shorter of the lease term and their useful lives unless it is reasonably certain that the Group will obtain ownership by the end of the lease term.

The estimated useful lives for the current and comparative periods are as follows:

Building	40 years
Plant and machinery	10 - 15 years
Office equipment, furniture and fittings	6 - 10 years
Motor vehicles	5 years

Cylinder blocks are included in plant and machinery. New and rework cost less estimated residual values of cylinder blocks are depreciated over the estimated useful life of 2.5 years (2006: 3 years).

Depreciation methods, useful lives and residual values are reassessed at the balance sheet date.

(iv) Change in estimates

Estimates in respect of certain items of plant and equipment were revised in 2007 (see Note 3).

(e) Leased assets

(i) Finance lease

Leases in terms of which the Group assumes substantially all the risks and rewards of ownership are classified as finance leases. Upon initial recognition the leased asset is measured at an amount equal to the lower of its fair value and the present value of the minimum lease payments. Subsequent to initial recognition, the asset is accounted for in accordance with the accounting policy applicable to that asset.

Minimum lease payments made under finance leases are apportioned between the finance expense and the reduction of the outstanding liability. The finance expense is allocated to each period during the lease term so as to produce a constant periodic rate of interest on the remaining balance of the liability. Contingent lease payments are accounted for by revising the minimum lease payments over the remaining term of the lease when the lease adjustment is confirmed.

(ii) Operating lease

Leasehold land that normally has an indefinite economic life and title is not expected to pass to the lessee by the end of the lease term is treated as an operating lease. The payment made on entering into or acquiring a leasehold land is accounted for as prepaid lease payments.

Notes to the Financial Statements *(continued)*

(e) Leased assets *(continued)*

(ii) *Operating lease (continued)*

The leasehold land was revalued in 1994 and the Group has retained the unamortised revalued amount as the surrogate carrying amount of prepaid lease payments. The short term leasehold land is amortised on a straight line basis over the leasehold period of 40 years.

Payments made under operating leases are recognised in the income statements on a straight-line basis over the term of the lease. Lease incentives received are recognised as an integral part of the total lease expense, over the term of the lease.

(f) Intangible assets

(i) *Licence fee*

The licence fee is in respect of patent and know-how relating to the manufacturing process and will be amortised over its useful life of 5 years.

(ii) *Research and development*

Expenditure on research activities, undertaken with the prospect of gaining new scientific or technical knowledge and understanding, is recognised in the income statements as an expense as incurred.

Expenditure on development activities, whereby research findings are applied to a plan or design for the production of new or substantially improved products and processes, is capitalised if the product or process is technically and commercially feasible and the Group has sufficient resources to complete development. The expenditure capitalised includes the cost of materials, direct labour and an appropriate proportion of overheads. Other development expenditure is recognised in the income statement as an expense as incurred. Capitalised development expenditure is stated at cost less any accumulated amortisation and any accumulated impairment losses.

(iii) *Amortisation*

Capitalised development expenditure is amortised and recognised as an expense on a systematic basis so as to reflect the pattern in which the related economic benefits are recognised over 2 years.

(g) Investments

Quoted investments are stated at the lower of cost and market value on an individual investment basis.

Notes to the Financial Statements *(continued)*

(h) Inventories

Inventories are measured at the lower of cost and net realisable value. The cost of inventories is based on the first-in first-out principle and includes expenditure incurred in acquiring the inventories and bringing them to their existing location and condition. In the case of work-in-progress and finished goods, cost includes an appropriate share of production overheads based on normal operating capacity. Net realisable value is the estimated selling price in the ordinary course of business, less the estimated costs of completion and the estimated costs necessary to make the sale.

(i) Receivables

Receivables are initially recognised at their cost when the contractual right to receive cash or another financial asset from another entity is established.

Subsequent to initial recognition, receivables are stated at cost less allowance for doubtful debts.

Receivables are not held for the purpose of trading.

(j) Cash and cash equivalents

Cash and cash equivalents consist of cash on hand, balances and deposits with banks and highly liquid investments which have an insignificant risk of changes in value. For the purpose of the cash flow statement, cash and cash equivalents are presented net of bank overdrafts and pledged deposits, if any.

(k) Payables

Payables are measured initially and subsequently at cost. Payables are recognised when there is a contractual obligation to deliver cash or another financial asset to another entity.

(l) Impairment of assets

The carrying amounts of assets except for financial assets and inventories are reviewed at each reporting date to determine whether there is any indication of impairment. If any such indication exists, then the asset's recoverable amount is estimated. For intangible assets that have indefinite useful lives or that are not yet available for use, the recoverable amount is estimated at each reporting date.

The recoverable amount of an asset or cash-generating unit is the greater of its value in use and its fair value less costs to sell. In assessing value in use, the estimated future cash flows are discounted to their present value using a pre-tax discount rate that reflects current market assessments of the time value of money and the risks specific to the asset. For the purpose of impairment testing, assets are grouped together into the smallest group of assets that generates cash inflows from continuing use that are largely independent of the cash inflows of other assets or groups of assets (the "cash-generating unit"). The goodwill acquired in a business combination, for the purpose of impairment testing, is allocated to cash-generating units that are expected to benefit from the synergies of the combination.

Notes to the Financial Statements *(continued)*

(l) Impairment of assets *(continued)*

An impairment loss is recognised if the carrying amount of an asset or its cash-generating unit exceeds its recoverable amount (unless the asset is carried at a revalued amount, in which case the impairment loss is recognised directly against any revaluation surplus for the asset to the extent that the impairment loss does not exceed the amount in the revaluation surplus for that same asset). Impairment losses are recognised in the income statements. Impairment losses recognised in respect of cash-generating units are allocated first to reduce the carrying amount of any goodwill allocated to the units and then to reduce the carrying amount of the other assets in the unit (groups of units) on a pro rata basis.

Impairment losses recognised in prior periods are assessed at each reporting date for any indications that the loss has decreased or no longer exists. An impairment loss is reversed if there has been a change in the estimates used to determine the recoverable amount. An impairment loss is reversed only to the extent that the asset's carrying amount does not exceed the carrying amount that would have been determined, net of depreciation or amortisation, if no impairment loss had been recognised. Reversals of impairment losses are credited to the income statements in the year in which the reversals are recognised, unless it reverses an impairment loss on a revalued asset, in which case it is credited directly to revaluation surplus. Where an impairment loss on the same revalued asset was previously recognised in the income statements, a reversal of that impairment loss is also recognised in the income statements.

(m) Tax expense

Tax expense comprises current and deferred tax. Tax expense is recognised in the income statements except to the extent that it relates to items recognised directly in equity, in which case it is recognised in equity.

Current tax is the expected tax payable on the taxable income for the year, using tax rates enacted or substantively enacted at the balance sheet date, and any adjustment to tax payable in respect of previous years.

Deferred tax is recognised using the balance sheet method, providing for temporary differences between the carrying amounts of assets and liabilities for reporting purposes and the amounts used for taxation purposes. Deferred tax is not recognised for temporary difference arising from the initial recognition of assets or liabilities in a transaction that is not a business combination and that affects neither accounting nor taxable profit (tax loss). Deferred tax is measured at the tax rates that are expected to be applied to the temporary differences when they reverse, based on the laws that have been enacted or substantively enacted by the balance sheet date.

Deferred tax liability is recognised for all taxable temporary differences.

A deferred tax asset is recognised to the extent that it is probable that future taxable profits will be available against which temporary difference can be utilised. Deferred tax assets are reviewed at each reporting date and are reduced to the extent that it is no longer probable that the related tax benefit will be realised.

Notes to the Financial Statements *(continued)*

(n) Revenue recognition

(i) *Goods sold*

Revenue from the sale of goods is measured at fair value of the consideration received or receivable, net of returns and allowances, trade discounts and volume rebates. Revenue is recognised when the significant risks and rewards of ownership have been transferred to the buyer, recovery of the consideration is probable, the associated costs and possible return of goods can be estimated reliably, and there is no continuing management involvement with the goods.

(ii) *Dividend income*

Dividend income is recognised when the right to receive payment is established.

(o) Loans and borrowings

Loans and borrowings are stated at amortised cost with any difference between cost and redemption value being recognised in the income statements over the period of the loans and borrowings using the effective interest method.

(p) Borrowing costs

All borrowing costs are recognised in the income statements using the effective interest method, in the period in which they are incurred.

(q) Employee benefits

(i) *Short term employee benefits*

Short-term employee benefit obligations in respect of salaries, annual bonuses, paid annual leave and sick leave are measured on an undiscounted basis and are expensed as the related service is provided.

A provision is recognised for the amount expected to be paid under short-term cash bonus or profit-sharing plans if the Group has a present legal or constructive obligation to pay this amount as a result of past service provided by the employee and the obligation can be estimated reliably.

The Group's contribution to statutory pension funds are charged to the income statements in the year to which they relate. Once the contributions have been paid, the Group has no further payment obligations.

(ii) *Defined benefit plans*

The Group's net obligation in respect of defined benefit plans is calculated by estimating the amount of future benefit that employees have earned in return for their service in the current and prior periods. The benefit is undiscounted and is calculated based on 25% of the last drawn salary for each completed year of service up to balance sheet date. No qualified actuary has been appointed by the Group in the measurement of the defined benefit obligations.

Notes to the Financial Statements *(continued)*

(q) Employee benefits *(continued)*

(iii) Share-based payment transactions

The share option programme allows Group employees to acquire shares of the Company. In the previous year, share options granted to employees is not recognised as an employee cost.

The share option arrangements were granted before 1 January 2005. As allowed by the transitional provisions in FRS 2, the recognition and measurement principles in FRS 2 have not been applied to this grant.

(r) Earnings per share

The Group presents basic and diluted earnings per share (EPS) data for its ordinary shares. Basic EPS is calculated by dividing the profit or loss attributable to ordinary shareholders of the Company by the weighted average number of ordinary shares outstanding during the period. Diluted EPS is determined by adjusting the profit or loss attributable to ordinary shareholders and the weighted average number of ordinary shares outstanding for the effects of all dilutive potential ordinary shares, which comprise share options granted to employees.

(s) Segment reporting

A segment is a distinguishable component of the Group that is engaged either in providing products or services (business segment), or in providing products or services within a particular economic environment (geographical segment), which is subject to risks and rewards that are different from those of other segments.

Revaluation

The building was revalued by the Directors in 1994 based on a valuation carried out by independent valuers on the open market value basis, as revised and approved by the Government valuers.

Had the building been carried at historical cost less accumulated depreciation, the carrying amount of the revalued assets that would have been included in the financial statements at the end of the year would be as follows:

	2007 RM	2006 RM
Building	4,460,004	4,617,790

Leased plant and machinery

Included in property, plant and equipment of the Group are plant and machinery, motor vehicles and other equipment acquired under hire purchase agreements with a net book value of RM5,331,090 (2006: RM4,879,629). The leased plant and machinery secures lease obligations (see Note 13).

Security

Certain plant and machinery of the Group with net book value of RM13,161,156 (2006: RM7,828,623) have been charged to banks for banking facilities granted to the Group as disclosed in Note 13.

Impairment losses

The impairment losses arise from the Group's assessment of the recoverable amount on the residual value of cylinder blocks. The estimated recoverable amount was based on market value for the cylinder blocks.

Changes in depreciation of assets (FRS 116, Property, Plant and Equipment)

During the year ended 31 December 2007, the useful lives of the plant and machineries had been reviewed and assessed by the management to better reflect the economic benefits of these assets. The expected useful lives of certain plant and machineries namely cylinder blocks have been revised from three years to two and half years. The effect of these changes on depreciation expense, recognised in cost of sales, in current and future periods are as follows:

	2007 RM	2008 RM	2009 RM	2010 RM

22. Segment reporting

The Group operates principally in Malaysia and in the manufacture and sale of packaging materials, polyethylene, polypropylene films and sheets and thermoforming sheets. The Group's assets and liabilities are basically in Malaysia.

The Group's internal organisational groupings do not provide a basis for determining a reportable primary and secondary segment. However, sales revenues by geographical market are as follows.

The Group's operation is divided into local and export market. The local market relates to sales to customers within Malaysia. The export market relates to sales to overseas customers with South East Asia being the principal market segment.

25. Financial instruments

Financial risk management objectives and policies

Exposure to credit, interest rate and currency risk arises in the normal course of the Group's and of the Company's business.

Credit risk

Management has a credit policy in place and the exposure to credit risk is monitored on an ongoing basis. Credit evaluations are performed on customers requiring credit over a certain amount. The Group and the Company do not require collateral in respect of financial assets.

At balance sheet date, the Group and the Company have significant concentrations of credit risk arising from amounts due from three (2006: four) major customers, representing 35% (2006: 37%) of the Group's and of the Company's trade receivables. The maximum exposure to credit risk for the Group and the Company are represented by the carrying amount of each financial assets.

Interest rate risk

The Group's exposure to change in interest rates relate primarily to the short term borrowings and term loans.

There is no formal hedging policy with respect to interest rate exposure. Exposure to interest rate risk is monitored on an ongoing basis and the Group endeavours to keep the exposure at an acceptable level.

Foreign currency risk

The Group is exposed to foreign currency risk on sales and purchases that are denominated in currencies other than Ringgit Malaysia. The currencies giving rise to this risk are primarily the US Dollar. Exposure to foreign currency is monitored on an ongoing basis and, where appropriate, hedging by way of entering into forward exchange contracts to minimise the risk.

Derivative financial instruments in the form of forward exchange contracts are used to reduce exposure to fluctuations in foreign exchange rates. While these are subject to the risk of market rates changing subsequent to acquisition, such changes are generally offset by opposite effects on the items being hedged.

25. Financial instruments *(continued)*

Fair values

Recognised financial instruments

The carrying amounts of current financial assets and liabilities approximate their fair values due to the relatively short term nature of these financial instruments.

The aggregate fair values of other financial assets and liabilities carried on the balance sheet as at 31 December are shown below:

	2007		2006	
	Carrying amount RM'000	Fair value RM'000	Carrying amount RM'000	Fair value RM'000
Financial asset				
Quoted shares	71	54	71	56
Financial liability				
Secured term loan - RM fixed rate loan	9,122	7,468	2,549	2,501

The fair value of quoted securities was their quoted bid price at the balance sheet date. For other financial instruments listed above, fair value has been determined by discounting the relevant cash flows using current interest rates for similar instruments at balance sheet date.

No disclosure of fair value made for non-current amount due from a subsidiary as it is not practicable to determine its fair value with sufficient reliability since the balance is interest free and has no fixed terms of repayment.

26. Related parties

For the purposes of these financial statements, parties are considered to be related to the Group or the Company if the Group or the Company has the ability, directly or indirectly, to control the party or exercise significant influence over the party in making financial and operating decisions, or vice versa, or where the Group or the Company and the party are subject to common control or common significant influence. Related parties may be individuals or other entities.

Notes to the Financial Statements *(continued)*

27. Changes in accounting policy

The accounting policies set out in Note 2 have been applied in preparing the financial statements for the year ended 31 December 2007.

The changes in accounting policies arising from the adoption of FRS 117, Leases are summarised below.

FRS 117, Leases

In prior year, the Group and the Company had classified a leasehold land as finance lease and had recognised the amount of prepaid lease payments as property within its property, plant and equipment. On adoption of FRS 117, Leases, the Group and the Company treats such a lease as an operating lease, with unamortised carrying amount classified as prepaid lease payments in accordance with transitional provisions in FRS 117.67A. Such prepaid lease payments are amortised on a straight line basis over the leasehold period of 40 years.

28. Comparative figures

Certain comparative figures have been reclassified as a result of changes in accounting policies as stated in Note 27 and to conform with the presentation requirements of FRS 101.
